

Catarrh

Whether it is of the nose, throat, stomach, bowels, or more delicate organs, catarrh is always debilitating and should never fail of attention.

It is a discharge from the mucous membrane when kept in a state of inflammation by an impure, commonly scrofulous, condition of the blood.

Hood's Sarsaparilla

Cures all forms of catarrh, radically and permanently—it removes the cause and overcomes all the effects. Get Hood's.

TARIFF REVISION**WILL BE CONSIDERED**

Writes President Roosevelt to Governor Guild of Massachusetts—Congress in a Similar Mood.

Boston, Feb. 20.—In a letter received from President Roosevelt by Governor Curtis Guild, Jr., yesterday, the president says that the request of the governor and members of the Massachusetts legislature for tariff revision would receive his serious consideration. He adds his conviction that the tariff petition will receive also the consideration of Congress.

The letter of the president is as follows:

"The White House, Washington, February 18, 1907.
"Sir: I have received the petition, signed by yourself and members of the legislature of Massachusetts, referring to the question of tariff legislation by Congress. Any petition such as yours, signed by the chief executive and by members of the legislature of a great and powerful state, is entitled to and will certainly receive my serious consideration, as well, I am sure, as that of Congress.

"With assurance of my regard for you personally, and for you in your official capacity as the governor of the ancient commonwealth of Massachusetts, I am, Sir, very respectfully,
"Sincerely yours,
"Theodore Roosevelt.

(Signed) "Theodore Roosevelt.
"His Excellency, Curtis Guild, Jr.,
"Governor of Massachusetts."

The petition forwarded to President Roosevelt urges immediate action for revision of the tariff. It endorses the principle of the creation of maximum and minimum schedules to be applied without the intervention of treaties, favored the establishment of a tariff commission that would impartially investigate and report to Congress when schedules appear in need of modification, and declared that in all cases of tariff revision the test should be not "Is such a duty demanded?" but "Is such a duty needed?"

WOMEN FIGHT TAX COLLECTOR.

Mounted Police Called in to Subdue the Donkshobers, Who Refuse to Pay.

Yorkton, Sask., Feb. 20.—The mounted police have been called in to subdue a large colony of Donkshobers in this district who have attacked and driven away the head tax collectors. They say that as they are not living in communal colonies, they are not subject to taxation.

A horde of women assisted the men in routing the tax collectors and recovering their property. The Donkshobers, who, until a few years ago, often went naked, are growing more conventional.

IF ROOSEVELT DOES NOT RUN

Foraker Will Step Aside in Favor of Taft

SAYS WASHINGTON STORY

Senator Culberson's Incipient Boom for President Is one of the Other Surprises—Bryan Is Still the Leading Democrat.

Washington, Feb. 20.—Two things of some moment in the manoeuvres for nominating the next President have come to the surface here recently.

One is a prospect, forecasted by good authority, that Senator Foraker will eventually eliminate himself as a presidential possibility and strike hands with Secretary Taft.

The other is an incipient boom for Senator Culberson of Texas. It is being brought to the front by Democrats of northern cities, some of whom are southern born.

Senator Foraker has never declared himself in the running and has been more or less passive under the discussion of his availability. He undoubtedly holds the Ohio situation firmly, and to all appearances could have the delegates from that state to the next national convention should be want them.

But it is claimed that Senator Foraker is most concerned that President Roosevelt shall not be renominated, and that as soon as he is assured beyond all doubt will quietly step aside and permit Secretary Taft to get the Ohio delegation if he can.

There has been a lot of political bitterness between the President and Senator Foraker, and the latter prefers to have some one in the White House with whom he can maintain more amicable personal relations.

Secretary Taft remains as indifferent as ever to all plans to nominate him as Roosevelt's successor, but there are men working actively for him in spite of this. The semblance of an organization in his interest has already been started, and this organization is to be rapidly enlarged in scope and efficiency.

The visit here a few days ago of ex-Gov. Durbin of Indiana started the anti-Fairbanks talk. He and the vice-President have some old political scores to settle. But while ex-Gov. Durbin's attack on Mr. Fairbanks as a presidential candidate rested largely on personal animosity, much that he said is being weighed by the Republicans of Congress who are political leaders in their respective states.

It is having some weight, for instance, with the Massachusetts Republicans here, although the Massachusetts Senators and representatives have a very kindly feeling for the Vice-President, and may decide to support him for promotion. It is having weight, too, with Ohio Republicans, and the Republicans of other western states.

It was proposed here recently that a

Why Vinol Is Better Than Any Other Remedy to Restore

Health and Strength

Vinol

WE RETURN MONEY IF IT FAILS TO GIVE SATISFACTION

RICKERT & WELLS, Druggists.

Because Vinol is a real Cod Liver Preparation and does not contain a single disagreeable or harmful ingredient and is not a secret formula.

Because Vinol contains all the medicinal elements—the soothing, healing, strengthening and flesh creative properties of Cod Liver Oil—but without oil or grease.

Because everything in Vinol, except the tonic iron and a fine old wine, is actually extracted from fresh cods' livers and their oil.

Because Vinol is deliciously palatable and agreeable under all conditions. Everybody likes it.

Because Vinol tones up the system, strengthens every organ, nerve, muscle and fibre of the whole body and thus overcomes weakness by thoroughly eradicating the cause of disease.

That's Why Vinol is altogether different and better than any other remedy for Coughs, Colds, Bronchitis, and all Throat, Lung and Wasting Diseases.

That's Why Vinol Restores Health and Strength to Delicate Children, Feeble Old People, Weak and Sickly Persons, Nursing Mothers, and Convalescents.

REPUDIATES POLYGAMY

Senator Smoot Replies to His Enemies

IN THE STRONGEST TERMS

Declares That He Has Taken No Oath Inconsistent With That as Senator, Denying That He Is a Polygamist.

Washington, D. C., Feb. 20.—Senator Reed Smoot, speaking in his own defense, addressed the Senate yesterday on the general subject of Mormonism. He condemned polygamy in the strongest terms, and, in denying that he could with justice be expelled or excluded, reviewed his testimony before the Senate committee and declared emphatically that he had taken no oath inconsistent with that he had taken as senator.

SAW CROWD MOVING TOWARD FORT GATE.

Teamster Testifies in Inquiry on Brownsville Shooting Up.

Washington, D. C., Feb. 20.—George Johnson, a former private of company C, 25th infantry, was the first witness yesterday in the Senate Brownsville investigation. He was assigned as a teamster and slept in the quartermaster's stable with three or four other soldiers. On the night of the affray he said he was awakened by Corral Boss Voschelle after the shooting was all over. He said Voschelle told him that the ambulance might be needed and that was why he had come over.

According to Johnson's story, Voschelle said that while on the way to the stable he had seen a crowd of men near Allison's saloon (kept by a former negro soldier), and these men were moving down the road toward the gate into the reservation.

Samuel Wheeler, who was one of the corporals of the guard on the night of the shooting, testified that the first firing was from the main road, northeast of the guardhouse.

RELIVES THE WRECK.

Woman Thinks Ship's Officer Is Trying to Drown Her.

Boston, Feb. 20.—Miss Sadie Colub, one of the survivors of the Larchmont disaster, is still too ill to be questioned about what occurred on the night when the steamship sank. She is continually crying out about a man with braid on his cap who, she thinks, is pushing her into the sea.

Miss Colub was taken to her brother's home, 53 Leverett street, immediately on her arrival here. While apparently rational on every subject but that of the Black Island sound disaster, it has been impossible for her to talk of that. She becomes irrational when she endeavors to rehearse the tragedy.

At times she believes she is still struggling in the water; at other times the man with braid on his cap is pushing her from the hurricane deck of the Larchmont.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

PASSES BOUND IN RED TAPE

Brattleboro & Whitehall Folk Get Pastboards; They're Not Free in Law's Eye.

Brattleboro, Feb. 20.—The passes which the shareholders of the Brattleboro & Whitehall railroad have been demanding from the Central Vermont system have at last been received. They were due Jan. 1, but owing to the law passed by the Vermont Legislature at its last session that no free passes or transportation should be issued under penalty of \$1,000 fine, the Central Vermont officials refused to issue the passes. The Brattleboro & Whitehall officials have been traveling on mileage and have been keeping an account so they might demand a return of the money which they have spent.

Under an agreement reached Feb. 9, 1905, between the officials of the Brattleboro & Whitehall and Central Vermont railroads, the officials of the former system consented to a decree of foreclosure, and the latter in turn agreed to furnish passes to the Brattleboro & Whitehall railroad officials and also to the stockholders to attend the annual dinner which is held at the Brooks house in Brattleboro and also to give the Brattleboro & Whitehall \$5,000 in Central Vermont first mortgage bonds for the purpose of keeping the former organization alive.

Legal opinion was finally secured this year that the passes were not free, but a part of the payment agreed upon between the officials of the two roads. Some of the Brattleboro & Whitehall officials and stockholders stated recently that they saw in the action of the Central Vermont system a movement on the part of the latter road to bring about a dissolution of their road and threatened if the passes were not forthcoming to bring action before the United States district court to have the suit of 1905 reopened.

United States District Judge James L. Martin of Brattleboro, who is clerk of the Brattleboro & Whitehall corporation made formal demand for the passes and the officials finally decided that it was best to grant them.

Thus, after a long legal tangle, what looked at first like a simple matter was settled by the use of yards of red tape.

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctor said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nerve and Liver Pills, I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I want you to know that your medicine cured me, and I kept right on till the pain in my chest was gone, and I kept on feeling better even after I quit taking it." JOHN H. SHERMAN, Belding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

WANT GAMES WITH B. AND M.

Manager of Calgary, Alberta, Team Writes

TO SECRETARY WISHART

His Team Which Plays in Western Canada League Is to Be Recruited in and about Boston, Mass.

Secretary Charles H. Wishart of the Inter-city baseball team has received a communication from Manager F. P. Thyme of the Calgary, Alberta, baseball team asking for dates with the Inter-city team here during the first week in May. Manager Thyme, whose home is in Lowell, Mass., is getting his team together around Boston and he wants to try out the men on his trip Canadianward in anticipation of the opening of the Western Canada league, "the only league composed exclusively of Canadian cities." Manager Thyme thinks that he could give the Northern leaguers here a pretty good argument.

Of course it is out of the question to give him the chance, even if the Inter-city is to have a team, inasmuch as the season does not open here until the last of June, and the players will not have assembled. But the communication is interesting as bearing on the annual meeting of the Inter-city association, which will be held in Barre tomorrow evening.

Manager Thyme's Calgary team, although representing a Canadian city, will be made up of players from the states. As the team stands at present it will be composed of Thomas, catcher, of Brown university (supposed to be "Silky" Thomas of Burlington, now attending the university of Vermont); Driscoll, catcher, Lynn, Mass.; New England leaguer; McConnell, pitcher, Tufts college; Aveill, pitcher, New England leaguer; Thorne, first base, Southern league; Wholley, second, Central league; Wordell, third base, New England leaguer; Pinkerton, short stop, New England leaguer; Talbot, left field, Connecticut leaguer; Hartford, center field, New Hampshire leaguer (?). The manager is also said to be negotiating with Jerry Nops, the southpaw who formerly pitched in the National league, in whom, thinks a Calgary newspaperman, "Calgary will have one of the best left-handed pitchers in the business."

The Western Canada league season opens on May 20, and Manager Thyme has already selected Aveill to pitch the opening game with Edmonton. The other two teams in the league are Lethbridge and Medicine Hat. They play in class D, with a salary limit of \$1,200 a month per team. It is said that one of the great individual ball players to play in that section is the "great opportunity for investment," as the country is new and promising. The Calgary team is backed by a stock company of "Calgary's most solid business men." A remarkable feature about the league is that games commence at seven o'clock in the evening, sometime after the crowds have left the Inter-city park. The business houses close there at six o'clock, and there is daylight from that time until 10 p. m. The climate is said to be "ideal," as they sometimes play baseball in January. During exhibition week last year, Calgary and Edmonton, between whom there is the greatest rivalry as they are the leading citizens, there were 7,000 paid admissions when the two clubs met.

Edmonton, Lethbridge and Medicine Hat will recruit their teams from the west, but Calgary thinks the east is the best field for ball players, so engaged Manager Thyme, who had chanced to manage in Galveston, Tex., Nashville, Tenn., Quincy, Rock Island and Decatur, Ill., Ind., and Iowa league clubs.

SIGNS WITH BROOKLYN.

Eddie McLane, Who Used to Pitch in the Northern League.

Boston, Feb. 20.—Eddie McLane, a Waltham boy, has signed with Brooklyn as an outfielder.

He gained fame at Fordham college as a pitcher by reason of his ability to hit. He played four seasons on the name, as catcher, outfielder and pitcher. He has played with the Wellington and Burlington, Vt. teams, being on the latter team when Reulbach of the Chicago Cubs was with the club.

MIKE DONLIN ROBBED.

Man Whom He Befriended Takes Diamonds and Money.

Chicago, Feb. 20.—Michael Donlin, the ball player, was robbed of money and jewelry in his room at the Union hotel, 111 Randolph street, Monday night. The robbery followed an attempt on the part of the baseball player to play the part of a good Samaritan.

Donlin was accosted on the street by a stranger, who told a hard luck story. First the ball player took him into the restaurant of the hotel and filled him up with food. Then he announced that if the stranger had no other place to go he could share with him his room. The man accepted. Donlin awakened in the night to discover that his roommate was missing. So were the ball player's watch, diamond stud, cuff buttons set with diamonds, and a diamond scarfpin. The plunder was worth about \$500. The police arrested a man, whom Donlin identified.

ROUGHERS HARD ON THE LUMPERS

Took Two of the Three Strings in the Candle Pin Tournament on Buzzell's Alleys Last Night.

The Roughers defeated the Lumpers team of the candle pin league at Buzzell's alleys last evening in two of the three strings bowled. The Lumpers won the first string, but lost the next two by several points. Trenoweth bowled the high single string of the evening, with 102, and also the three-string total of 282.

PREVENTED BY SICKNESS.

Dartmouth and Williams Were to Have Met Last Night.

Hanover, N. H., Feb. 20.—Scarlet fever prevented the basket ball match between Dartmouth and Williams at Williams-town last night. The college authorities issued orders summarily forbidding the Dartmouth men to make the trip. The reason for this is that a large number of cases of scarlet fever have been reported at Williams-town, and it was feared that some of the basket ball players might become infected and cause an epidemic among the Dartmouth men.
